Returned with compliments.

2. In accordance with para 5 of Government Order dated the 17th March 1923 all the expenses of the Conference, except the travelling allowance due to Government officers and the charges on account of printing, should be charged rateably to all the Local Bodies in proportion to their incomes.

3. The expenses chargeable to the Local Bodies fall under the following heads:-

1. Travelling Allowance to the Representative of District Boards.
2. ,, Taluk Boards.
3. ,, of Municipalities.
4. ,, Invitees (non-official)
5. Expenses incidental to the holding of the Conference.

4. To distribute the sum rateably it is first necessary to book all the expenditure under one particular Head of Account (a Suspense Head), for the purpose of ascertaining the aggregate expenditure incurred under the 5 items referred to above, as, if payments are made by the Local Bodies individually the figures cannot be had easily or even accurately. The total expenditure incurred and so booked under a Suspense Head should be distributed to the several Municipalities and Local Boards in proportion to their income and recovered from them by means of crossed

NOTE—Contn. sheet.

Serial No.

crossed cheques drawn by the respective Local Bodies in favor of Treasury Officers for credit to the Suspense Head.

5. There are practical difficulties in giving effect to the Government Order and allocating the charges as stated above.

6. It has been ordered that the distribution should be made taking into account the income of the Local Bodies. The income of which year should be taken into account has not been mentioned In the case of the Taluk Boards these were in most cases allowed to have separate accounts only from July 1921. It is too early to determine what the financial condition of each Taluk Board is, to make pro-rata distribution.

7. As more than 2 months have elapsed since the date of the closing of the Conference and as it is very likely that the members have preferred their claim for travelling allowance so far, it is highly probable that the majority of these have drawn their Travelling Allowance from the Local Bodies deputing them.

8. As, for making pro-rata distribution the charges have to be first met from State Funds the Local Bodies should be required to send the bills, many of which must have been already paid out of their funds, to this office for audit

and

Note—Contn. sheet.

and adjustment of the amounts paid by debit to th Suspense Head in the first instance and per contra credit to the funds of the Local Body. Subsequently when the rateable distribution is made, recoveries have to be made and dealt with as stated in para 4 supra. This is likely to result in confusion and complicate accounts.

9. There are 189 Local Bodies - not taking into account the Village Panchayats - and the total expenditure is required to be distributed among all these Bodies.

10 I beg to submit that the maintenance of separate accounts for the purpose, the watch over the adjustment of the expenditure booked under the Suspense Head and the distribution of expenditure incurred on behalf of over 100 members, and other items of expenditure, among nearly 200 Local Bodies, and the final watch over the recovery of the amount due from each Board will entail enormous labour.

11. All this work besides causing confusion in accounts, entails very long delay in the fina adjustment of charges.

12. I would therefore propose that the travelling allowance of the Representatives of the Local Bodies, may be ordered to be met by the Local Bodies concerned, and if required the

NOTE—Contn. sheet.

Serial No.

the charges met accordingly by the several Boards, after the accounts for the year are made up, may be examined and the necessity for any adjustment determined.

13. The items of General Charges such as travelling allowance of invitees who may not be connected with any particular Municipality or Local Board and other expenses incidental to the holding of the Conference, which cannot be allocated to any particular Local Body may, ~~be made~~, be charged to the two Municipalities of the Cities Bangalore and Mysore in equal proportion. I admit this is an arbitrary distribution, but in view of these two being the premier Municipalities in the State and the large grants placed annually at their disposal by Government, they may be required to meet these charges.

Comptroller.

It has since been decided that the incidental to the holding of the Conference should be met from State funds. Draft reply to the Comp is suitably revised and submitted for approval.

SIR,

I have the honor to acknowledge the receipt of your letter No.L.7480 M1. 22-22-19 dated the 14th May 1923 forwarding for audit the travelling allowance bill of the Honorary President of the Mysore City Municipal Council for his journey to Bangalore in connection with the recent Local Self Government Conference.

As per para 4 of Government Order No.2244-2402 dated 17th March 1923 non-official Members of Local Boards may be paid travelling allowance at the rates admissible to them under the rules framed under the Municipal Regulation. There does not appear to be any orders of Government specifying the rates at which travelling allowance should be paid to the non-official Members. In this connection I beg to invite kind reference to my letter No.324/LAD dated 14th February 1923 requesting orders of Government on the subject which are awaited.

The travelling allowance admissible to the retired officers of Government for attending the several meetings constituted under the

orders of Government is defined in article 550 of the Mysore Service Regulations. It is believed that the case of retired officers, though they happen to hold Honorary Posts in the Municipalities or Local ~~Bodies~~ Boards falls under article 550 Mysore Service Regulations. If so under which of the three classes (A), (B) and (C) referred to in Appendix P the travelling allowance for journeys for having attended the recent Local Self Government Conference should be included may be kindly intimated.

Regarding para 5 of the Government Order of 17th March 1922, I understand that the expenses referred to therein as debitable to the Local Bodies in proportion to their incomes include also travelling allowance paid to t invitees to the Conference.
